

MediaCorp hosts beneficiaries from HCA Hospice

MediaCorp hosts beneficiaries from HCA Hospice

SINGAPORE: Singapore's leading media company, MediaCorp, hosted beneficiaries from its adopted charity, HCA Hospice at its premises on Saturday.

The hospice cares for the elderly sick, with some 28,000 patients benefiting from its services since 1989.

The beneficiaries tossed for good fortune with MediaCorp staff. They also played games hosted by MediaCorp personalities and were treated to

performances by the artistes.

Earlier in the week, 350 senior citizens from 11 Voluntary Welfare Organisations received "hongbaos" from MediaCorp when they were treated to a movie screening of "It's A Great Great World".
